

# PurpleRun

Mackenzie Tjogas

# Project Description

- The app will be called “PurpleRun” to avoid causing any suspicions from the abuser
- The homepage would appear as a game and a pin would be needed to get to the “Real” homepage
- Emergency button
  - Will call 911
  - The call won't be ended UNLESS the user's pin is entered
- Menu options:
  - Be an advocate/ally
    - how to help, where to volunteer, what to know, etc.
  - Information on different types of abuse
  - General info for all survivors (legal, health, etc.)
  - Information for undocumented survivors
  - Information for mothers/survivors with children
  - Shelters in the user's local area with their contact information
- Different language options as well as information on interpreters

# User's POV

Thank you!
